FSM Citizens Can Support COM-FSM with Amazon Smile

The College of Micronesia-FSM (COM-FSM), as the only tertiary and accredited educational institution in the Federated States of Micronesia (FSM), provides a unique and crucial service to the citizens of the Nation. With campuses in each of the FSM states, COM-FSM offers prospective students the capacity to further their education in fields as diverse as elementary education to information communications technology and career and technical education. With alumni at home and abroad, it's critical to FSM's national sovereignty that COM-FSM continue to offer academic excellence to our citizens—and through an initiative developed by the Friends of the College of Micronesia-FSM (Friends), anyone can now directly support COM-FSM through Amazon Smile or through the Friends.

Amazon Smile allows anyone making a purchase through smile.amazon.com to select a charity of their choosing, of which 0.5% of that individual's purchase will then be dedicated for that organization. Thus, someone who spends—for example--\$1,000 on Amazon could ensure that \$5.00 ends up going to their preferred charity, of which the Friends of the College of Micronesia-FSM and by extension COM-FSM is now an option.

Supporting COM-FSM through Amazon Smile is simple. Citizens who do their online shopping at Amazon can simply follow this link here: <https://smile.amazon.com/ch/38-3907244> Unless already signed in, one will be taken to the sign-in screen—and then after doing so, will receive a pop-up that looks like this:

Simply press the yellow button and then, from now on, when one logs into www.smile.amazon.com they'll supporting COM-FSM by contributing to the Friends. Interested in donating to the Friends? Visit their site here: <https://www.friendscomfsm.org>. The Friends is a 501c foundation registered in the United States and can offer tax benefits to donors.
